

ANTL e.V. Tecklenburg

The “Arbeitsgemeinschaft für Naturschutz Tecklenburger Land e.V.” is a project for nature conservation work. They do preservation of natural wildlife habitat and spread their knowledge. It will be seasonal work: In summer it can be helping with the care of the grassland or repairing fences, in autumn it can be the harvest of apples and producing apple juice, in winter the volunteer may help to remove wood and bushes from the moor and in spring work with the fruit trees and preparation of meadowland. Please note that it is physically challenging work in any kind of weather.

Your tasks as an European volunteer

You can get an overview of the activities the ANTL offers first and then decide with the tutor about which tasks to choose. Most of the time the volunteer will work together with others and outside.

The focus of the activities is the project “manual work for maintaining and developing the natural landscape”. As a seasonal work, you will have different tasks during the 4 seasons. Mainly it will be physical work. Furthermore, you can take part in the “environmental education” and help prepare the lessons.

District Steinfurt – Your home for a year

During your stay in Germany you will live in a shared flat with other volunteers in district Steinfurt. With your bus ticket that you will get, you can travel through the whole district and visit your new friends and bigger cities like Münster and Osnabrück.

Start your adventure!
